Practice Fee Recovery Policy E&W

SCC CHARTERED ACCOUNTANTS LIMITED PRACTICE FEE RECOVERY POLICY

ENGLAND AND WALES

Introduction

This sheet explains the alternative fee bases allowed by the insolvency legislation when acting as office holder in insolvency appointments. The legislation allows different fee bases to be used for different tasks within the same appointment. The fee basis, or combination of bases, set for a particular appointment is/are subject to approval, generally by a committee if one is appointed by the creditors, failing which the creditors in general meeting, or the Court. The report accompanying the request to fix the basis of remuneration will indicate the basis, or bases, being requested in that particular case and will make it clear what work is to be undertaken in respect of each basis.

Further information about creditors' rights can be obtained by visiting the website of the Association of Business Recovery Professionals (R3) at <https://www.r3.org.uk/technical-library/england-wales/technical-guidance/creditor-guides/>. This guide to our fees has been produced to provide creditors with information required by Statement of Insolvency Practice 9 ("SIP") and best practice guidance. This guidance should be read in conjunction with "A Creditors Guide to Liquidators Fees" which is available for download at <https://www.r3.org.uk/technical-library/england-wales/technical-guidance/fees/>. If you would like a hard copy of this document, one can be provided free of charge on request from this office.

SIP 9 also contains various requirements that the office holder has to comply with in connection with their remuneration, both when seeking approval and when reporting to creditors and other interested parties after approval. One of the matters that an office holder has to comply with is that they must also seek approval for any payments that could reasonably be perceived as representing a threat to the office holder's objectivity or independence by virtue of a professional or personal relationship, including to an associate. Where it is anticipated that such payments will be made in a case they will be separately identified when seeking approval for the basis of the office holder's remuneration.

Other than in respect of Voluntary Arrangements an office holder is required to record the time spent on casework in all cases, even if they are being remunerated for that work on a basis other than time costs. Time is recorded directly to the relevant case and the nature of the work undertaken is recorded at that time. The work is generally recorded under the following categories:

- Case Administration (including statutory reporting)
- Realisation of Assets
- Investigations
- Creditors (claims and distributions)
- Trading
- Case specific matters

Time cost basis

When charging fees on a time costs basis we use charge out rates appropriate to the skills and experience of a member of staff and the work that they perform. This is combined with the amount of time that they work on each case, recorded in 6 minute units with supporting narrative to explain the work undertaken.

Set out below are our standard hourly charge out rates, with effect from 01 June 2023 excluding VAT:

Role	Standard Hourly Rate
Director / IP	£250
Associate Director	£200
Senior Manager	£160
Manager	£140
Assistant Manager	£120
Associate	£100
Support Staff	£40 - 80

Where necessary and appropriate, members of staff from other departments of the practice will undertake work on a case. They will be charged at their normal charge out rates for undertaking such work. These charge-out rates charged are in line with the above and are reviewed each year and are adjusted to take account of inflation and the firm's overheads.

Percentage basis

The legislation allows fees to be charged on a percentage of the value of the property with which the office holder has to deal (realisations and/or distributions). Different percentages can be used for different assets or types of assets. A request to fix the basis of remuneration will set out the potential assets in the case, the remuneration percentage proposed in respect of any realisations and the work covered by that remuneration, which may solely relate to work undertaken in connection with the realisation of the assets, but might also include other categories of work as listed above. The report will also include details of the expenses that will be, or are likely to be, incurred.

The percentage approved in respect of realisations will be charged against the assets realised, and where approval is obtained on a mixture of bases, any fixed fee and time costs will then be charged against the funds remaining in the liquidation after the realisation percentage has been deducted.

A percentage of distributions made to unsecured creditors may also be requested, in order to cover the work associated with the agreement of claims and making the distribution.

The disclosure that we make will include sufficient information about the insolvency appointment to enable you to understand how the proposed fee reflects the complexity (or otherwise) of the case, any responsibility of an exceptional kind falling on the office holder, the effectiveness with which the office holder has carried out their functions, and the value and nature of the property with which the office holder has to deal. In order to meet the requirements of SIP 9 it will also explain why the basis requested is expected to produce a fair and reasonable reflection of the work that we anticipate will be undertaken on the case.

If the basis of remuneration has been approved on a percentage basis then an increase in the amount of the percentage applied can only be approved by the committee or creditors (depending upon who approved the basis of remuneration) in cases where there has been a material and substantial change in the circumstances that were taken into account when fixing the original level of the percentage applied. If there has not been a material and substantial change in the circumstances, then an increase can only be approved by the Court.

Fixed fee

The legislation allows fees to be charged at a set amount. Different set amounts can be used for different tasks. A request to fix the basis of remuneration will set out the set fee that we proposed to charge and the work covered by that remuneration, as well as details of the expenses that will be, or are likely to be, incurred.

The disclosure that we make will include sufficient information about the insolvency appointment to enable you to understand how the proposed fee reflects the complexity (or otherwise) of the case, any responsibility of an exceptional kind falling on the office holder, the effectiveness with which the office holder has carried out their functions, and the value and nature of the property with which the office holder has to deal. In order to meet the requirements of SIP 9 we will also explain why the basis requested is expected to produce a fair and reasonable reflection of the work that we anticipate will be undertaken on the case.

If the basis of remuneration has been approved on a fixed fee basis then an increase in the amount of the fixed fee can only be approved by the committee or creditors (depending upon who approved the basis of remuneration) in cases where there has been a material and substantial change in the circumstances that were taken into account when fixing the original level of the fixed fee. If there has not been a material and substantial change in the circumstances, then an increase can only be approved by the Court.

Direct costs

Where we seek approval on a percentage and/or fixed fee basis, in order to meet the requirements of SIP 9 we also have to disclose the direct costs that are included within the remuneration that will be charged on those bases in respect of the work undertaken.

Mixed basis

If remuneration is to be sought on a mixed basis, we will make it clear in the request to fix the basis of remuneration which basis will be charged for each category of work that is to be undertaken on the case.

Members' Voluntary Liquidations and Voluntary Arrangements

The legislation is different for Members' Voluntary Liquidations (MVL), Company Voluntary Arrangements (CVA) and Individual Voluntary Arrangements (IVA). In MVLs, the company's members set the fee basis and SIP 9 does not apply unless the members specifically request it. In CVAs and IVAs, the fee basis is set out in the proposals and creditors approve the fee basis when they approve the arrangement.

All fee bases

With the exception of IVAs and CVAs, which are usually VAT exempt, the office holder's remuneration invoiced to the insolvent estate will be subject to VAT at the prevailing rate.

Expenses

Expenses are any payments from the insolvent estate that are neither an office holder's remuneration nor a distribution to a creditor, or a member. Expenses also include disbursements. Disbursements are payments that are first paid by the office holder and then reimbursed from the insolvent estate. Expenses are divided into those that do not need approval before they are charged to the estate (Category 1) and those that do (Category 2).

Category 1 expenses are payments to persons providing the service to which the expense relates who are not an associate of the office holder. They can be paid by the office holder without obtaining prior approval. Examples of costs that may amount to Category 1 expenses are professional advisors (who are not associates), statutory advertising, external meeting room hire (where the room is only hired for that meeting), external storage, specific penalty bond insurance, insolvency case management software fees charged on a per case basis, and company search fees.

Category 2 expenses are either payments to associates, or payments in respect of expenses that have an element of shared costs, such as photocopying and mileage. Category 2 expenses require approval in the same manner as an office holder's remuneration before they can be paid.

The practice intends to seek approval to recover the following Category 2 expenses that include an element of shared costs:

• Postage	Cost
• Printing / photocopying	5p per sheet
• Mileage	45p per mile

Professional advisors may be instructed to assist the office holder on the case where they consider that such assistance is necessary to enable them to appropriately administer the case. The fees charged by any professional advisors used will be recharged at cost to the case. Where the professional advisor is not an associate of the office holder it will be for the office holder to agree the basis of their fees. Where the professional advisor is an associate of the office holder it will be for those responsible for fixing the basis of the office holder's remuneration to approve payments to them. The fees of any professional advisors are subject to the rights of creditors to seek further information about them or challenge them as summarised below. Professional advisors that may be instructed on a case include:

- Solicitors/Legal Advisors;
- Auctioneers/Valuers;
- Accountants;
- Quantity Surveyors;
- Estate Agents;
- Pension specialists*;
- Employment Claims specialists*;
- and
- GDPR/Cyber Security specialists.

* Note: where such professional advisors are instructed on a case, the office holder will not charge any remuneration to the case in respect of such work, other than in respect of supervising and monitoring their work.

Reporting and rights to challenge

Once the basis of the office holder's remuneration has been approved, a periodic report will be provided to any committee and also to each creditor. The report will provide a breakdown of the remuneration charged by the office holder in the period covered by the report, i.e., the amount that the office holder is entitled to draw, together with the amount of remuneration actually drawn. If approval has been obtained for remuneration on a time costs basis, the time costs incurred will also be disclosed, whether drawn or not, together with the "blended" rates of such costs.

The report will also provide information about expenses incurred in the period covered by the report, together with those actually paid.

Under the insolvency legislation the report must also include a statement of the legislative rights of creditors to request further information about the remuneration charged and expenses incurred in the period covered by the report, or to challenge them on the grounds that they are excessive. Extracts of the relevant insolvency rules dealing with these rights are set out below.

Once the time period to seek further information about the office holder's remuneration and/or expenses for the period covered by the report has elapsed, then a Court Order is required to compel the office holder to provide further information about the remuneration and expenses. A Court order is required to challenge the office holder's remuneration and/or expenses for the period covered by the report. Once that period has elapsed, then a separate Court Order is required to allow an application out of time.

Under rule 18.9 of the Insolvency (England and Wales) Rules 2006, an unsecured creditor may, with the permission of the court or with the concurrence of 5% in value of the unsecured creditors (including the creditor in question) request further details of the office holder's remuneration and expenses, within 21 days of receipt of any report for the period. Any secured creditor may request the same details in the same time limit.

Under rule 18.34, an unsecured creditor may, with the permission of the court or with the concurrence of 10% in value of the unsecured creditors (including the creditor in question), apply to court to challenge the amount and/or basis of the office holder's fees and the amount of any proposed expenses or expenses already incurred, within 8 weeks of receipt of any report for the period. Any secured creditor may make a similar application to court within the same time limit.
